

Buckleigh Meadows is a development of 117 properties to be built over three phases and includes a range of two, three, four and five bedroom homes.

The properties are constructed in a traditional manner with brick, render and weather boarding to the external elevations and a slate roof. Internally, the houses have excellent room proportions and are finished to a high crisp, modern specification.

Within the development there are areas of public open space, walkways/cycle track and an equipped play area.
